INTRODUCTION.

This is the first time in the history of the College that the addresses of alumni have been published. The first thing a graduate should do on receiving this list is to look up his own name and to see that everything is correct. If it is not correct he should notify the chairman of the Publishing Committee at once. He should also notify him every time a change becomes necessary.

In compiling this list the committee has mailed at least one letter to every address here published, with a request that notice of change be sent immediately, except a few changes made while printing. When no notice of change was received and the letter was not returned by the post-office department the address was assumed to be correct. To get the addresses of nearly nine hundred men when many of them had not been heard from at the College for a generation involved great labor on the part of the committee. It is hoped that alumni will take an active part in revising and correcting the list of addresses.

In spite of persistent search addresses of the following nine alumni have never been found:

J. C. Williamson, B. L., 1839;
Rev. Enoch W. Skinner, A. M., 1843;
J. M. Stearns, 1844;
Alexander Thompson, B. L., 1846;
S. Wesley Vandyke, 1849;
John Z. Heiner, 1854;
David Ralph Luckenbill, 1871;
A. Frank Kalbach, 1885;
George W. Dornbach, 1887.

The addresses of two alumni have been lost within the last year. They were found two years ago at the addresses given below.

Elmer J. Smith, Esq., 1882, Philadelphia, Pa., formerly of Harrisburg, Pa.

Masataka Yamanaka, 1885, Yamaguchi, Japan.

The basis in compiling this list was the list of alumni published in the College catalogue for 1894-95. The names and degrees as there given were changed only on fuller information. To get the full name of every graduate involved more work than the committee was able to do at this time; but it is hoped that by the time another list is published it will be possible to give the full name of every graduate. Graduates are requested to send their full names to the Chairman of the Publishing Committee.

Degrees are given substantially as in the catalogue of 1894-1895, except that A. B. is omitted, inasmuch as all but six graduates received that degree on graduation. There were seven graduates of the Law School of Marshall College who received the degree of B. L. One was a graduate both of the College and the Law School. Esq. is used to denote admission to the bar.

The references to the Obituary Record give the volume and page on which the sketch of the deceased is found; thus, 1: 7.

In a few instances the address published is not the present address, but the address through which the graduate may always be found. Howard C. Hillegas, 1894, is a case in point. At present he is in South Africa, but his address is published as Pennsburg, Pa.

The geographical distribution of graduates is as follows:
